

Votacall HD Voice Polycom VVX 300 • 301 • 310 • 311 Business Media Phones

it's more than just a phone...

The Polycom® VVX® 300 series phone is a durable entry-level business phone that delivers unsurpassed voice quality and clarity. It provides a high-quality, cost-effective solution for front line staff.

Simplicity

Improve productivity for cubicle worker's and call center operators through an intuitive easy to use user interface. The intuitive gray-scale user interface makes navigation easy and requires minimal training. It improves productivity for office workers and provides easy-to-use line key appearances.

Quality

To be clear, the Polycom VVX 300 Series Business Media VoIP Phone delivers unsurpassed quality and clarity to the end user. The VVX 300 Series phone supports and promotes Polycom's innovative, Polycom® HD Voice™ technology for quality conversations while minimizing fatigue, making calls more efficient and productive.

Productivity & Efficiency

The powerful Polycom VVX 300 Series VoIP phone is an entry-level business media phone that is ideal for busy offices that need crystal clear communication. This six-line phone offers handset and headset compatibility, Busy Lamp Field and Shared Call Appearance capabilities, distinctive incoming call treatment and more.

This media phone includes an easy-to-use interface that can improve productivity and call time. It also displays personalized information easily seen and accessed on the 8-level backlit grayscale screen. This VoIP phone also allows for seamless integration with other IT investments within your business. Polycom's track record for innovation coupled with their commitment to extreme reliability and flexibility promotes ultimate investment protection and delivers a true competitive advantage.
